

## Preparing images for MULTIPLES PROJECT

1. You will need 20 + images, if you are appropriating images from the internet please resize images to approximately 5x7, 300dpi (this is probably the only time you will ever resample an image up!).

2. Convert to Adobe RGB 1998 edit<convert to profile<adobe RGB 1998

3. if needed edit photography and save flattened files a tifs. Save in an IMAGES folder inside a BOOK project folder.
